Viseo 200T Touch Edition & imedia XS by Packard Bell: A compact and complete solution with touch functionalities

- Touch-screen functionalities
- Compact and space-saving full solution
- Enjoy your photos and music with drag-and-drop ease
- Stay in touch with your social networks

Packard Bell announces its new solution combining the convenience of an ultra-slim multimedia companion, **Packard Bell imedia XS**, with the fun and easy-to-use touch screen functionalities of the brand new monitor **Packard Bell Viseo 200T Touch Edition**.

Perfect for saving space, **Packard Bell imedia XS** is an ultra-slim nettop that can be hooked at the back of the monitor thanks to its Vesa mounting facility.

Packard Bell Viseo 200T Touch Edition is designed for everybody who wants a simple and intuitive way of interacting with their PC.

By simply connecting the two devices, the end-user will immediately access all multimedia applications offered by this comprehensive solution: fun and digital life at your fingertips.

Equipped with Intel® Atom 330 processor and with NVIDIA® ION chipset, the **Packard Bell imedia XS** supports Microsoft® Direct X10 technology. It also comes along with 2 GB of memory, up to 500 GB hard disc drive, a 4-in-1 card reader and 6 USB ports. Wi-Fi and LAN ports ensure optimal connectivity. The complete solution includes a wireless keyboard and a wireless optical mouse¹.

The **Packard Bell Viseo 200T Touch Edition** features 2 built-in stereo speakers and advanced display features such as 16:9 ratio, 5-ms response time and a 50000:1 contrast ratio.

Besides including all Windows® 7 built-in touch functionalities, this all-inclusive solution offers an enriched experience thanks to the Packard Bell TouchPortal.

Packard Bell TouchPortal helps manage Packard Bell TouchGadgets and Microsoft® touch applications; it is an intuitive virtual desktop to enjoy favorite media contents easily and instantly and gives easy access to the Internet and social networks.

¹ Wireless keyboard and mouse are optional features.

For example, with Packard Bell TouchMediaShare, you can download photos from Flickr® and Facebook, and email them to friends instantly!

The **Packard Bell imedia XS + Viseo 200T Touch Edition** bundle is available in European outlets starting at 499€.

Availability and technical features will vary according to country. Software offer may also vary according to country and configuration.

About Packard Bell

Packard Bell pioneered the use of the PC in the home, taking an unfriendly but useful office tool and turning it into a friendly, indispensable feature of today's modern home. Stylish design, affordability and customer-oriented features are the hallmarks of all Packard Bell products, a unique combination that no other brand in the European market offers today. In 2008, Packard Bell was acquired by Taiwan-based Acer Inc. and the combined entities now comprise the third-largest PC company in the world.
